**Addendum to Reclamation Contract**

**Round Valley Rock, Round Valley Rock, Inc., S/029/004**

Joseph Scott Rees  
Round Valley Rock, Inc  
2235 East Rees Lane  
Morgan, Utah 84050

Since your application for large mine status has not received final approval, and Round Valley Rock Inc. is to only operate within a five (5) acre currently disturbed area (as shown on map #3, dated June 6, 2005, labeled 'existing mine, 5 acres'). The reclamation contract, map, and surety will be referenced as S/029/004 while the large mine application is pending. Once given the final approval for large mine status, which identifies 27 acres of disturbance, the permit number will be M/029/004.

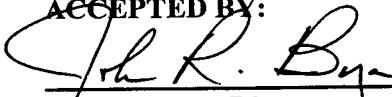

- **This letter serves as an acknowledgment and acceptance of the interim permit number S/029/004 which identifies the disturbance of 5 acres (within a currently disturbed area) until the large mine application has received final approval.**

Nothing herein contained shall vary, alter, or extend any provision or condition of the reclamation contract.

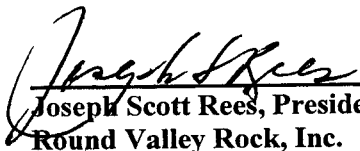

Please acknowledge and return this letter with original signature to the Division in the enclosed envelope.

**The below signed, acknowledges and accepts this small mine permit identification and incorporates it into the reclamation contract.**
